AARC2 Project: The end but not quite....

Licia Florio
AARC2 Project Coordinator,
GÉANT

AARC2 REFEDS 2019
TNC19, Tallin
Goal

Identity Federations /eduGAIN

eScience collaborations
What we knew
Access services based on role(s)

One persistent Identifier across community’s services

Easy way to connect to eduGAIN
Key Results

FIM4R
Sirtfi
Assurance work
Other security work
Key Result: AARC BPA
Achievements – Evolution of the Blueprint Architecture

AARC Blueprint Architecture

User Identity
- Step up AuPNI
- Consent
- Authenticated User

Access Protocol Translation
- Discovery Service
- Token Translation Service
- User Trust
